RE: INFORMATION FOR THE FAIRMOUNT AREA COMMUNITY PLAN

We need your help! The Jefferson County Planning Department is developing a long-range community plan for the Fairmount Area in conjunction with a Community Advisory Group. The Advisory Group will represent the varied interests in the community - homeowners, businessmen, homebuilders, and environmentalists.

To develop an effective plan, your assistance is important. Enclosed you will find a map of the area to be covered. The map includes both Fairmount and an area we refer to as the North Plains. We are interested in information concerning the North Plains Area as well as Fairmount. The information we hope you can provide includes:

1. What specific problems or issues does your agency foresee in planning for future growth in this area?
2. Does your agency have any standards, future plans, or objectives for the area or adjacent areas that might be useful in developing a long-range plan?
3. Could you identify any critical areas in the Fairmount and North Plains Areas which deserve special consideration?

You may wish to use the enclosed map to record your comments. While this map represents the scale at which all our work will be done, we will gladly accept maps at other scales.
